Louisville, Kentucky 40202-2397

SUBJ: Oversight of Operation and Maintenance (O&M) Activities  
Lees Lane Landfill Site, Louisville, Kentucky

Dear Mr. Neumayer:

The Kentucky Natural Resources and Environmental Protection Cabinet (KNREPC) has signed an Intergovernmental Response Agreement ("Agreement") with the U.S. Environmental Protection Agency (EPA). Under this Agreement, KNREPC agrees to perform the oversight of O&M activities at the Lees Lane Landfill Site (Site). Therefore, KNREPC will be overseeing the Metropolitan Sewer District (MSD)'s performance of the O&M work pursuant to the Administrative Consent Order. Please find enclosed a copy of the Agreement and copy of the letter sent to Phillip Shepherd, Secretary of the KNREPC, officially turning the oversight of O&M activities over to the State of Kentucky.

Because of this event, I would like to meet with you and/or an MSD representative actively working at the Site, and with Murali Rao, KNREPC's project manager, on the next quarterly sampling event at the Lees Lane Site. This would be a very good opportunity for you to meet Mr. Rao, and for Mr. Rao to get familiarized with the Site. Therefore, I would appreciate your notification of the next quarterly sampling one month in advance in order to make the necessary arrangements with Mr. Rao.

Please give me a call at (404) 347-7791 should you have any questions concerning this letter or the Agreement.

Sincerely,

Liza I. Montalvo  
Remedial Project Manager  
Kentucky/Tennessee Section

cc: Rick Hogan, KNREPC
